

April 27, 2017

Tracie Sales, Rivers Coordinator
Rivers Management & Protection Program
NH Department of Environmental Services
29 Hazen Drive
Concord, NH 03301

Dear Ms. Sales,

The Warner Historical Society voted at their January 19, 2017 board meeting to support the nomination of the Warner River to the NH River Management and Protection Program (RMPP) as there exists no formal group or organization that directly addresses and defends the Warner river and its watershed at a sufficient scope and scale to protect its valuable resources. We understand the committee will have no regulatory authority, but serves in an advisory capacity only, making suggestions and recommendations as needed when requested.

The historical society has an extensive file about the history of the mills and bridges once located along the river and its tributaries. We have been pleased to participate in the educational programs sponsored by the Warner Conservation Commission for this nomination process.

Sincerely,

Rebecca L. Courser
